ADDITIONAL INFORMATION			
EXPERIENCE IN:		BRIEFLY DESCRIBE YOUR EXPERIENCE	
Working in a Manufacturing Process (How long?)		I am a fresh graduate from this program, Electrical Engineering Technology.	
Working in Teams (Identify the Teams - max. of 2)		Work in a team of two during senior project, entitle Solar Powered Greenhouse with automated environmental control. My favourite work scenario is when we begin the project as a team, brainstorming our approaches, and establishing deadlines and individual responsibilities before going off to work independantly on our assigned tasks. I always make sure I am available to help when he needs assistance. I think it is invaluable to reach out to a team for advice and support	
Working as a Volunteer (Organization and your responsibility)			
Keeping Records (Describe circumstances)		Part of my precious job, I have to monitor inventory levels and perform bimonthly inventory assessments.	
Formal Team Building Training (Identify what and why)			
Computer Skills Training (Identify what and level)		Proficiency in Microsoft Office, AutoCAD, Allen Bradley Connected Component Workbench, Slemens TIA portal, AGi32, SKM Powertool	
Training Others (Why and results)		Before I left my previous job, I was instructed to train new employee to enable him to fully take over my duties. He was able to master all the skills within two weeks.
